Clark GEAR UP Abstract

Clark High School serves approximately 2700 students: 51.3% male, 48.7% female. The diverse population includes 0.4% American Indian/Alaskan Native, 10.3% African American, 18.6% Asian/Pacific Islander, 52.1% Hispanic, and 18.6% Caucasian. Additionally, 22.4% of the population is identified as LEP, 7.3% IEP, and 46.8% as Free or Reduced Lunch program.

Clark's school improvement goals and objectives include reducing the number of non-proficient students for AYP benchmarks in mathematics and increasing average daily attendance. Nevada State GEAR UP will support these efforts through focused incentives and support for campus initiatives. Parent events will emphasize financial as well as academic readiness for post-secondary option. GEAR UP students are part of a smaller learning community specifically designed to meet the challenges of the Clark community. Each student will review transcript data with a counselor and update the Academic Plan that supports his/her education and career aspirations. The Academic Plan will serve as the instrument to encourage registration in challenging courses.

Additionally, the Academic Plan will assure each student participates in a field trip to a NSHE campus program related to personal aptitudes and interests.

David Wagner, Assistant Principal, will provide program oversight.
