This school has a manned gated entrance and for the sake of security there is no sign in the front labeling the school. Every lower school student has an I-pad that is color-coded by grade level. As the next school year starts up every secondary student will have a laptop to use. The library is being transformed into a media room and the actual library will be moved to a lower level and have a full time librarian. Fifth grade is moving back into the Lower School which simply means this year's fourth graders will remain members of the Lower School for an additional year. Sixth grade will be the beginning of the Middle School
