14. Presentation of Proposed Purchase of Real Property for Silver State Charter School (Steve Knight, Executive Director, Superintendent SSCS, Sue Cocking, Governing Body President, SSCS, and Dr. Steve Canavero, Director, Office of Charter Schools) (*Information/Discussion/Action*)

- a. SSCS has presented materials in the form of almost one thousand pages, which may constitute an application for approval of the use of public money to purchase real property or buildings with the approval of SSCS's sponsor, the Board, pursuant to NRS 386.550(1)(k), which states: "A charter school shall:... Refrain from using public money to purchase real property or buildings without the approval of the sponsor." The materials may also constitute an application for the approval of a security interest in the property, buildings, equipment and facilities to the State of Nevada, pursuant to NRS 386.550(1)(k) and NRS 386.570(8).
- b. Representatives of SSCS may have the opportunity to describe, discuss, and explain the written materials provided by them and may make requests concerning them, but only as is consistent with this agenda item.
- c. The Board may consider whether or not the materials and the presentation constitute a sufficient application to proceed. SSCS was informed by a letter dated May 19, 2011 from Dr. Steve Canavero, which provided guidance related to this agenda item. It described the requirements for this matter, as follows:

As a practical matter, I suggest SSCS submit their materials to the Board in the form of a packet to be included as their submitted Board support documents. Silver State Charter Schools' packet should be a complete copy of what SSCS wants to present, including an index to facilitate referencing. At the Board hearing SSCS will need to identify and authenticate each part of the packet. It might be noted that Mr. Blanck discussed materials that may have been submitted to Department staff in various submittals. Mr. Blanck should be able to advise you concerning how to accomplish this submission under NRS Chapter 233B. The Board will be required to consider substantial evidence that the security interest and the full transaction are appropriate for approval.

The submitted materials are not sufficient as submitted to comply with the requirements for approval. If the submitted materials are not authenticated, then they will not be considered. If the materials are not supplemented and explained, then the Board or the President may pull this agenda item from the agenda. If they are determined to be sufficient to proceed, then the matter will continue.

There are two significant issues of concern. 1. The presented material contains "Proposed security interest to be approved" on pages 883 to 913, which are insufficient for this particular concern. 2. By a letter dated June 1, 2011 from Jeffrey S. Blanck, Mr. Blanck on pages 915 to 918 appears to argue that the approval process is not as described in this agenda item. It appears that he is making the assertion on behalf of SSCS. If SSCS does not intend to proceed as outlined in this agenda item, then the Board or the President may pull this agenda item from the agenda.

- d. Department staff may discuss and describe the written materials and may present a recommendation or several recommendations related to the materials presented by SSCS or on behalf of SSCS, which may also relate to the possible presentation from SSCS described above explaining those materials.
- e. There is a possibility that the Board may consider conditional approval of part or all of this agenda item.
- f. Findings of fact may be made related to these issues leading to conclusions of law.
