**SMALL BUSINESS IMPACT STATEMENT
PURSUANT TO NRS 233B.0608**

Date: November 23, 2015

Re: Proposed amendments to NAC 387.280 and NAC 387.0345 regarding reports of enrollment and attendance

I, Mindy Martini, Deputy Superintendent of Business and Support Services, do hereby certify that, to the best of my knowledge or belief:

1. The proposed regulation amendments to NAC 387 are not likely to (a) impose a direct or significant economic burden upon a small business, or (b) directly restrict the formation, operation or expansion of a small business. The proposed regulation amendments will remove outdated language that requires a report to be submitted to the Department that is no longer needed. In addition, the language calculating basic support guidance to school districts will be amended to account for Average Daily Enrollment instead of a single count day enrollment figure. These amendments will parallel the corresponding provisions of the Nevada Revised Statutes.
2. A concerted effort was made to determine any economic burden.
3. All relevant materials were reviewed and the Department considered its history with implementing similar regulations; the proposed changes are within the historic scope of the Department's activities and present no new cost of enforcement.
4. Comment has not been solicited from small businesses, and no summary of their response is provided, because small businesses are not impacted by this regulation and thus no burden or economic impact can be assessed.

I hereby further certify that, to the best of my knowledge or belief, a concerted effort was made to determine the impact of the regulation on small businesses and that the information contained in this statement was prepared properly and is accurate.

Respectfully submitted,
