

## ESSER Notice of Funding Opportunity (NFO) Revisions

*Wednesday, July 22, 2020*

The following revisions have been made to the ESSER Notice of Funding Opportunity (NFO). Please note that no substantial revisions altering the substance of information in the NFO were made.

**Throughout document:** Corrected clerical errors; changed “K-12 education” to “elementary and/or secondary education” (with the exception of NDE licensed nonprofit private schools)

**Page 1:** Indicated revised version of document; clarified source of funding and indicated due date time

**Page 3:** Clarified the breakdown of the total amount of funding Nevada received for Elementary and Secondary School Emergency Relief (ESSER) funds

**Page 4:** New date for ePAGE technical assistance webinar to walk-through the application; eliminated technical assistance session for July 22, 2020; updated webinar call-in information for technical assistance webinars and indicated that additional webinars may be scheduled depending on need

**Page 5:** Competitive Grant Timeline- included new July 29, 2020 date for ePAGE technical assistance application walk-through session; eliminated technical assistance session for July 22, 2020

**Pages 7-10:** Clarified information under Eligible Entities section for Private/Nonpublic Schools and Institutions of Higher Education; fixed minor clerical errors

**Page 14:** Clarified private schools’ eligibility for high-quality digital instructional materials through their LEA via equitable services

**Page 15:** Changed “LEA” to “eligible entity” in “Need” component of the rubric for the High-Quality Digital Instructional Materials funding category

**Page 20:** Changed “LEA” to “eligible entity” in “Need” component of the rubric for the High-Quality Professional Development funding category

**Page 25:** Changed “LEA” to “eligible entity” in “Need” component of the rubric for the Wrap-Around Services for Nevada’s Students, Families and Communities funding category

**Pages 34-35:** Appendix F- corrected clerical errors, including that the wrap-around services funding category is ~\$7 million

**Page 44:** Assurances- eliminated the supplement not supplant provision (not applicable to this source of funding)

**Page 48:** Assurances- added ESSER-specific assurances (\*all assurances will be in the ePAGE online grants management system for applicant review and signature)
