NEVADA ADULT HIGH SCHOOL PROGRAMS

The mission of Adult High School programs in Nevada is to provide lifelong educational opportunities that assist adult learners in the development of meaningful, productive lives. The administration of an Adult High School program is the responsibility of each school district that chooses to operate a program.

I. GOALS

- ~Provide free academic counseling and instruction to eligible students who lack a high school diploma or a High School Equivalency (HSE) certificate.
- ~Provide instructional services to students lacking foundational academic skills
- ~Encourage students with HSE certificates to pursue an Adult Standard Diploma
- ~Provide courses that prepare adults for employment or further educational endeavors

II. PROGRAM GUIDELINES

A. Student Assessment: Students should be assessed upon program enrollment.

1. Students who score below the high school level should be enrolled in literacy and/or basic education programs.
2. ESL students should be assessed with CASAS, TABE or a nationally recognized approved assessment instrument.
3. Students who score below the high school level should be re-assessed with an approved assessment within stated guidelines to ensure the student can find success within the high school level curriculum.

B. Fiscal

1. State funds allocated in a program budget as of June 30 of the first year of the biennium may be carried forward into the second year but should not exceed 10% of the total allocation. **Any unexpended funds remaining as of June 30 of the end of the biennium cannot be rolled over and the remaining unspent balance will be returned to the State General Fund.**
2. Allocation of Adult High School Funding is distributed based on a formula that consists of a combination of enrollment of students that have been served for 12 hours or more, and of performance outcomes reported for those students. The formula calculates 70% enrollment and 30% performance based on diplomas granted, HSE certificates issued, and Employability Skills completions for those eligible, enrolled students.
3. The Adult High School Reporting System (AHSRS) Data Report is due to the Office of Adult Education by **July 15** each year.
4. Data reported in the AHSRS within a fiscal year will determine funding for the FY two years following the report. Data must be verified by the director prior to submission. **Any finding of unverifiable data, through regular program monitoring, could result in a corresponding reduction in funding levels.**
5. Annual program funding levels will be released each March.
6. Fiscal Year (FY) Budgets are due to the Office of Adult Education by **May 30** each year. A signed Assurance is required to be submitted with the AHSRS report and budget.
7. End of FY Final Financial Budget Reports are due to the Office of Adult Education by **August 18th** each year.

8. Students working toward an Adult High School Diploma or HSE Certificate through an Adult High School program shall not be assessed a tuition fee.
9. Lab fees and book deposits may be required according to school district policy.

C. Program Curriculum

Programs may include instruction in Adult Basic Education, HSE preparation, English Literacy, Adult Secondary Education, Career Pathways, Transition to Postsecondary and Career and Technical Education.

Curricula used in Nevada’s school districts and Adult High School programs must reflect state and school district standards.

Each district may set additional standards to supplement or augment the state’s minimum requirements.

D. Adult Standard Diploma Requirements

“Adult Standard Diploma” means a diploma earned by meeting requirements established by the district which conform to guidelines established by the Nevada Department of Education as published in ([NAC 389.688](#)).

A school district’s Adult High School Program may award an Adult Standard Diploma, signifying graduation from high school, to a person who:

1. Withdrew from high school before his/her graduation and was not eligible to graduate with his/her class.
2. Has earned, in high school, an adult education program, an alternative education program ([NRS 388.537](#)) or waived, the units of credit required as follows:

| Minimum Required Course | Number of Credits |
|--|-------------------|
| American Government | 1 |
| American History | 1 |
| Arts and Humanities, or Career and Technical Education | 1 |
| English | 4 |
| Health Education | 1/2 |
| Mathematics | 3 |
| Science | 2 |
| Use of Computers | ½ |
| Elective Courses | 7 ½ |
| TOTAL | 20 1/2 |

3. Is **18 years of age or older** at the time of the award.*

*Note: 16 or 17-year old students may attend adult programs for the purpose of HSE preparation only. A 17-year old student may receive an Adult Standard Diploma if that student is enrolled in an Alternative Education program for students at risk of dropping out of school. That student may earn an Adult Standard Diploma either by fulfilling the credit and proficiency requirements necessary or by waiving credits through passage of a state-approved HSE test and completing proficiency requirements as necessary.

E. Student Orientation/Counseling

Prior to the enrollment of a student in an Adult High School program, comprehensive guidance and counseling should be performed. Credit to be applied to the Adult Standard Diploma will be evaluated, verified, and granted. Through these efforts, adult education program personnel will seek to promote and enhance academic, personal, social, and career development for students. The counseling effort should develop an individualized graduation plan tailored to the needs of the enrolling student. Students in need of career/occupational development will be identified and guided to a curriculum related to employment, skills development, occupational training, and, eventually, assistance with employment placement.

III. STUDENT ELIGIBILITY

Residency is determined by local school district policy.

Students 16-years of age or older may prepare for the HSE Test within Adult High School programs. Applicants who are 16 or 17 years of age may register to take the HSE exam after presenting written permission from the local school board of trustees, written permission signed by parent or legal guardian, verification of withdrawal from school, and meeting all criteria as listed in [NRS 385.448](#), [NAC385.404](#) and [NAC 387.190](#)

Adult High School programs may provide remedial instruction to Alternative Education students if there is space available in the class, and no adult students are excluded because of the alternative education student's attendance. Alternative Education students are, by definition, still enrolled in K-12 but at risk of dropping out. These students **may not** be included in enrollment or completion counts for Adult High School programs as they are still enrolled and would be counted in K-12 system reports. Per-pupil apportionment for Alternative Education students is funded through the Distributive School Account (DSA).

If a student completes his/her senior year of high school and does not meet the requirements for graduation prior to the first day of the next school year, he/she may not receive a Standard High School Diploma unless he/she remains an enrolled student of the comprehensive high school to complete those requirements. If that student elects to enroll in the adult program, upon completion of the requirements for graduation he/she will be issued an Adult Standard Diploma per [NAC 387.190](#), [387.330](#), [389.690](#).

Adult High School programs are provided by the local school districts to serve out-of- school persons who desire to earn an Adult Standard Diploma or HSE Certificate. Such persons must be at least 18 years of age or older* and have no intention of returning to a regular high school.

*Refer to NAC 387.190, 389.695.

IV. CREDITS

Course offerings and the amount of credit awarded must align with state and district standards.

“Unit of Credit” means the amount of credit which is awarded to a pupil for his/her successful completion of a course containing at least 120 hours of instruction or the equivalent. *Note: One-half credit class contains 60 hours of instruction or the equivalent.*

All of the following methods are available to the Adult High School program for awarding units of credit to students earning the Adult Standard Diploma if:

1. The local school district utilizes these methods, or
2. Has approved policies regarding these methods, or
3. Has approved the policies of the Adult High School program.

Local school districts will determine the number of credits awarded through these methods and the requirements for receiving credit according to state standards.

A. Credit may be granted on the following basis if competency has been demonstrated.

120 clock hours of classroom instruction and/or demonstrated competency – 1 Unit

60 clock hours of classroom instruction and/or demonstrated competency – 1/2 Unit

Seat-time, by itself, should not be the sole basis for receiving credit.

Adult High School students may earn credits for demonstrated competency-based instruction. Assignment requirements for a grade to be achieved and the method of challenge must follow the school district regulations. Assignments shall be prepared by teachers to meet student needs.

A school calendar for an Adult High School program, an Alternative Education program, a program of Distance Education, or a program of instruction in a detention facility must contain at least 180 school days in session unless the school district obtains the written approval of the Superintendent of Public Instruction for a program that demonstrates progress or completion by pupils in a curriculum which is equivalent to the regular school curriculum.

The minimum daily period for an Adult High School program, an Alternative Education program, a program of Distance Education, a program of Independent Study or a program of instruction in a detention facility is identical to the period for a regular grade unless the school district:

1. Exercises its option pursuant to subsection 4 of [NAC 387.140](#) *Short School Day in Session*; or
2. Obtains the written approval of the Superintendent of Public Instruction for a program that demonstrates progress or completion by pupils in a curriculum that is equivalent to the regular school curriculum.

Independent Study may also be incorporated in student assignments; however, those courses shall be conducted in accordance with state regulations. ([NRS 389.155](#))

B. Credit by Exam

A pupil may be granted credit for a specific course of study in a secondary school without having attended the regularly-scheduled classes in the course if he or she demonstrates competence to meet the objectives of the course through performance on examinations. ([NAC 389.670](#))

When a school district allows a student in a comprehensive high school to challenge a course, that method of obtaining credit is open to an Adult High School student. All CBE's must be based on high school curricula. In order for students to receive credits, they must pass the exam pursuant to district policy ([NAC 389.670\(3\)](#)).

C. Credit Transferred From Other Education Programs

1. An accredited public or private high school located in this state;
2. An accredited public or private high school located outside this state;
3. An institution of higher learning whose academic programs are accredited by a national accrediting organization;
4. An adjudicated youth facility including; The Nevada Youth Training Center (Independence High School) or C.O. Bastian High School.

D. Credit Transferred From Military Education Programs

Adult High School programs may award units of credit toward meeting the requirements for an Adult Standard Diploma if the student has successfully completed a course given by the United States Armed Forces. ([NAC 389.692](#))

E. Credit for Summer School Programs

Summer school units of credit to be applied toward the Adult Standard Diploma may consist only of units earned through a summer school conducted by an accredited public or private high school or an accredited institution of higher learning.

Such units must be earned in courses which are equivalent to the courses offered in the programs of an accredited high school.

F. Credit for University Courses

Credit may be granted for college-level courses provided such credit is earned at a recognized university, college, junior college, or community college as approved in district regulations.

G. Credit for Correspondence/Distance Education Courses

Adult High School programs may grant a student credit toward an Adult Standard Diploma for successful completion of a correspondence course:

1. If the course is provided by a secondary educational institution which is nationally-accredited; or
2. If the course is included on the state-approved list of Distance Education providers (http://www.doe.nv.gov/Distance_Education/Home/).

H. Physical Education Credit Transferred In From Other Educational Programs

If a student is eligible to transfer physical education credit into the Adult High School Program, that credit can be applied toward the elective credit accumulation requirement.

I. Credit for Apprenticeship Programs

Adult High School programs may award elective credit to students who have participated in an apprenticeship program.

J. Credit for Attending Accredited Career Schools

Adult High School programs may award elective credit to students who have attended accredited career schools such as those approved by the Nevada Commission on Postsecondary Education according to prescribed guidelines.

K. Credit for Work Experience

Adult High School programs may award elective credit to students who have attained employment experience which generally meets the following criteria. Through employment, the student, according to district policy and standardized curriculum:

1. Has demonstrated attitudes necessary for successful job performance and cooperation with fellow workers.
2. Has developed a sound basis for a career choice through appraisals of individual abilities, interests, aptitudes, and attitudes in light of future employment outlook.
3. Has developed pride in doing one's job well.
4. Has gained exploratory experiences and training opportunities.
5. Has learned to make use of, and further develop, the skills learned in school in a real job setting.
6. Has understood the relationship between formal education and job success.

7. Has gained insight in the transition from school to work.
8. Has met changes in the world of work through personal contacts and feedback from employers.

L. Credit Evaluation

When students register for the Adult High School program, they should present a copy of their most recent high school transcript, and/or a copy of their HSE transcript when applicable. This information is for the purpose of determining the number of credits the student has and to help determine the best way to obtain the Adult Standard Diploma.

In the event a student does not have academic records at registration, these can be sent for, using a request form and an Authorization to Release Information form, (See Appendix, Forms). When dealing with a comprehensive high school or HSE program, dates and the name on the records need to be accurate.

Transcripts coming from other states may require interpretation. Credits must be pro-rated to one-half or one-fourth credit units. ([NAC 389.668](#))

Photocopies of all documentation used to verify existing credits must be maintained in a student's file while a student is enrolled.

It is recommended that pre-testing, preparation/instruction, and counseling take place before a student participates in HSE testing.

The following tables set forth the scores which must be achieved on the HSE tests to obtain waived credit and the corresponding number of credits which may be awarded.

I. Credit Waiver Criteria

1. Credit waived by the HSE examination will apply only to required courses of study and cannot be used to waive other elective credits with the following exception: HSE social studies credit will be applied only to elective courses as the student, by state statute ([NRS 389.035](#)), must complete courses in the required areas of American Government and American History.
2. Students who have already earned a high school diploma are prohibited from taking a High School Equivalency test.
3. A student who passes a state-approved HSE test **may** retake the battery or any subtest to improve scores.
4. A student who fails the HSE exam is not limited to the number of times he/she may take the HSE exam. However, the student is limited to taking the test a maximum of three (3) times each calendar year per HSE test (GED, HiSET, TASC). This is based on the fact that there are only three (3) different test forms available and the same test form cannot be retaken during any one calendar year.
5. A student enrolled in an Adult Education program may not use HSE exams to waive credit towards a High School Standard Diploma. A student enrolled in an Alternative Education program may use the HSE exams to waive credits towards an Adult Standard Diploma at the age of 17. ([See NAC 385.404, 389.694](#))
6. No student may take the HSE exams while still enrolled in high school, with the exception of students enrolled within detention facilities. Students aged 16 or 17 who have received permission from the school district board of trustees and their parents/legal guardians to take the HSE examination must be withdrawn from their high school for the period of time that the HSE is being taken. Students may then be re-enrolled and to continue working toward their Adult Standard Diploma.

VI. INDEPENDENT STUDY & DISTANCE EDUCATION

A. Independent Study

NAC 389.710 “Independent study” defined. ([NRS 389.155](#))

As used in [NAC 389.710](#) to [389.750](#), inclusive unless the context otherwise requires, “independent study” means the method by which a pupil may complete a required or elective course outside of the normal classroom setting that is consistent with the course of study prescribed by the state board and the school district.

NAC 389.730 Courses allowed; courses outside school district. ([NRS 389.155](#))

1. A pupil who is enrolled in school or in an alternative program pursuant to [NRS 388.537](#), an adult high school program approved pursuant to [NAC 387.190](#) or a program of distance education established by a school district may complete any required or elective course by independent study if the board of trustees of the school district in which the pupil is enrolled provides for independent study in accordance with [NAC 389.710](#) to [389.750](#), inclusive.
2. A course of independent study may be taken at a location outside of the school district in which the pupil is enrolled upon the written approval of the board of trustees of the school district in which the pupil is enrolled.

VII. PROFICIENCY/EOC TESTING*

In accordance with [NAC 389.688](#) subsection (1b), in order to receive an adult standard diploma, an adult student must complete all required credits and successfully pass all required examinations.

Effective 2018, to address subsection 1-b, a pupil shall be deemed to have passed requirements for end-of-course (EOC) examinations if the pupil passes the course with which the examination is aligned in accordance with any established grading policy of the school district or charter school, as applicable.

Furthermore, AB 7 requires that the State Board adopt a percentage of the grade the EOC final is to count toward the final grade for the associated course. Adult standard diploma requirements will align with the State Board approved implementation of EOCs as outlined in Guidance Memo #17-22 dated September 20, 2017.

2017-18 School Year –No percentage requirement, district discretion to set a percentage of the student’s final grade if it chooses.

2018-19 School Year - 10% of course grade

2019-20 School Year - 15% of course grade

2020-21 School Year and beyond - 20% of course grade

During the 2017 Legislative Session, AB 7 was passed. Section 52 of the bill removes the requirement that students pass EOCs in order to receive a Standard High School Diploma. The bill requires that the State Board adopt regulations that prescribe the criteria for students to receive a Standard High School Diploma.

Due to the High School Proficiency Exams (HSPE) no longer being a requirement under the Nevada Revised Statutes and AB 7’s removal of the requirement to pass the EOC Exams for receipt of a Standard High School and Adult Standard Diploma, a student in Nevada is no longer required to pass the HSPE to receive a standard high school or adult standard diploma. Any student denied a standard high school or adult standard diploma solely because the student did not satisfy any existing requirement to pass the HSPE will be issued a standard high school or adult standard diploma if:

- (1) The student submits to the school district or charter school in which the student was last enrolled in high school a written request for a determination of whether the student, notwithstanding the failure of the student to satisfy any existing requirement to pass the High School Proficiency Examinations, otherwise satisfied any existing requirements to receive a standard high school or adult standard diploma; and
- (2) After reviewing the transcript of the student and any other relevant documentation, the school district or charter school determines that, notwithstanding the failure of the student to satisfy any existing requirement to pass the High School Proficiency Examinations, the student otherwise satisfied existing requirements to receive a standard high school or adult standard diploma.

A. Testing

Presently, the required testing areas include: Language Arts 10, Algebra I and Geometry.

1. Ordering of Tests

When ordering tests, the adult high school staff must consult with the testing coordinator in their respective school district.

2. Training of all staff handling tests

Teachers and other staff members involved with the EOC testing must acknowledge, in writing, that he/she has been given and has read a copy of the school district's testing procedure. It is also recommended that personnel involved in testing acquaint themselves with "Test Security Procedure for Nevada Proficiency Examinations."

3. Security of Tests

Test security procedures cannot be over-emphasized. It is imperative that all procedures are adhered to and that all precautionary measures are followed.

[NRS 389.644](#) requires an annual training on test administration and test security procedures. Everyone involved with testing, including district test directors, principals, school test coordinators, classroom test administrators, and classroom proctors, must be trained so that they fully understand the laws, regulations, and policies governing the state testing program and the contents of the appropriate administration manuals as outlined in [NRS 391.330](#). Failure to follow established procedures may carry stringent sanctions for licensed personnel.

Please note that the person in charge of adult education is ultimately responsible for both the administration of tests and for the physical security of test material.

Copying any writing test prompts, test and/or examination items, problems, questions and the approved answers for grading them by any means or disclosure of those items, problems, or questions and the approved answers for grading them by any means or disclosure of those items, problems, or questions and the approved answers for scoring them is a violation of [NRS 391.330](#). Such breaches of testing procedures shall be cause for disciplinary action.

4. Preparation for testing Adult students

Students must have completed and passed the course prior to being allowed to take an EOC exam. Adult High School students that have passed a HSE at a level to waive credits have met the requirement to sit for the corresponding EOC test.

5. Testing dates information

Beginning in the spring of 2018, AHSD programs may order testing material from their district testing coordinator at any time throughout the year and may administer the EOC at a time that corresponds with the completion of the respective course.

6. Record Retention

It is the responsibility of each Adult High School program to maintain results on the student's transcript and maintain student's archives as per [NAC 387.165, 387.171, 387.175 and 387.185](#).

VIII. RECORD KEEPING

An Adult High School Program is required to maintain a master register and attendance of all enrolled students. These students must be enrolled in the school district's Student Information System (Infinite Campus) to meet the reporting requirements of the State.

The permanent records of an Adult High School student are the original source and must be maintained under [NAC 387.165, 387.171, 387.175, 387.185](#). Copies of the complete transcript will be sent to former students and to educational, training, and military institutions upon request.

In accordance with the Family Educational Rights and Privacy Act (FERPA), an authorization signed by the student must either accompany any request for copies of the records, or have been signed by the student, giving the administrator of the records permission to send the records to institutions upon request.

Costs to obtain permanent transcripts are determined by local school districts.

Either the Adult High School or the school district will maintain official records of the Adult Diplomas awarded and the student transcripts for anyone who earned credits.

Since these are confidential personal records and sole sources of the information, appropriate security measures against theft or fire should be taken to preserve them.

Access to these records should be controlled by the Adult High School program or school district administrative staff.

Upon graduation from the Adult High School program, a student needs to have a transcript created which incorporates the pre-existing credits and those earned in the program from which the diploma is held. This will be used as the official transcript for that student.

IX. AHSD FUNDING FORMULA

In September 2011, the department was contacted by the Senate Finance Committee and Assembly Ways and Means Committee to revise the Adult High School funding formula, to align with the original intent of funding based on enrollment and growth.

A committee consisting of volunteer representatives from Adult High School programs from across the state created a four year implementation model. The complete process would commence during the 2012-13 school year and be fully adopted prior to the beginning of the 2015-16 school year.

The calculation for funding is based on a three-year rolling average of statewide student enrollment (70%), and educational outcomes (30%) calculated by district.

This was designed to meet both the legislative funding mandate and to move the State of Nevada Adult High School Education program into the next generation of education reform by implementing a funding formula that utilizes performance as an indicator of success.

In 2017 the NDE Adult Education program professionals added a growth cap based on a Needs-Based formula. Beginning in FY 18-19 each district will be capped if they exceed 2% above the needs-based percent calculated for all districts. NDE will recalculate the formula annually and will make the needs based formula available upon request.
