RE: Public Workshop to Solicit Public Comments Regarding Regulations Concerning Amendments to NAC Chapter 386, Scheduled for February 26, 2018

I, Steve Canavero, being the duly appointed Superintendent of Public Instruction, do hereby certify that, to the best of my knowledge or belief:

1. The proposed regulation amendments to the NAC Chapter 386 concerning charter schools are not likely to (a) impose a direct or significant economic burden upon a small business, or (b) directly restrict the formation, operation or expansion of a small business. The proposed regulation amendments make changes to the definition of "Charter School" to include pre-kindergarten as a grade-level that may be offered by a charter school.
2. A concerted effort was made to determine any economic burden.
3. All relevant materials were reviewed and the Department considered its history with implementing similar regulations; the proposed changes are within the scope of the Department's activities and present no significant cost of enforcement
4. Comment has not been solicited from small businesses, and no summary of their response is provided, because small businesses are not impacted by this regulation and thus no burden or economic impact can be assessed.

I hereby further certify that, to the best of my knowledge or belief, a concerted effort was made to determine the impact of the regulation on small businesses and that the information contained in this statement was prepared properly and is accurate.

Respectfully submitted
