## INTRODUCTION

This document provides a listing of career and technical education (CTE) programs offered at high schools throughout the state. The programs have been identified by enrollments reported in the state student information system and by additional information reported directly to the Department of Education by local school districts and charter schools.

The criteria for a program to be listed are (1) the program must be an approved program as per the current CTE Course Catalog and NAC 389.803 and (2) the program must consist of no less than a two-course sequence following the approved courses in the current CTE Course Catalog. Single courses do not constitute a program and, therefore, are not included in the listing unless the program is new and the school has demonstrated that additional course(s) to expand and/or complete the sequence will be offered as soon as possible. Furthermore, because some sequences may only include two courses, this document is not intended to provide a comprehensive listing of complete programs of study. In most cases, however, the programs listed do represent complete programs of study, whereby students can reach the completion level according to state standards.

This document is organized into three sections: (1) CTE Program Organization and Alignment, (2) Program Descriptions, (3) Program Directory - (a) Program Listing by School District and High School, and (b) School District and High School Listing by Program.

Section one illustrates the organization of the CTE programs by program area and career cluster. Section two provides a brief description of the purpose of each program. Section three provides a listing of the programs offered by each school district and high school. This section has two searchable options: (1) by school district and high school and (2) by program. In the school district listing the high school names are hyperlinked to the high school's website.

Some schools purchase nationally-recognized curricula that align with the state standards for that specific program. Some examples are High School of Business™ (HSB), National Academy Foundation (NAF), and Project Lead the Way (PLTW). These programs are identified by each organization's acronym to identify their locations.

This resource will be periodically updated as needed.

## CTE PROGRAM ORGANIZATION AND ALIGNMENT

Programs are organized into the following areas: (1) Agriculture and Natural Resources; (2) Business and Marketing Education; (3) Health Sciences and Public Safety; (4) Hospitality, Human Services and Education; (5) Information and Media Technologies; and (6) Skilled and Technical Sciences. Within each program area the individual programs are then aligned to their appropriate career cluster.

### AGRICULTURE & NATURAL RESOURCES

#### - AGRICULTURE, FOOD & NATURAL RESOURCES -

- Agricultural Business Systems
- Agricultural Leadership, Communication and Policy
- Agricultural Mechanics Technology
- Animal Science
- Biotechnology
- Environmental Management
- Floriculture Design and Management
- Food Science Technology
- Landscape Design and Management
- Natural Resources and Wildlife Management
- Ornamental Horticulture/Greenhouse Management
- Veterinary Science

### BUSINESS & MARKETING EDUCATION

#### - BUSINESS, MANAGEMENT & ADMINISTRATION -

- Administrative Services
- Business Management

#### - FINANCE -

- Accounting & Finance

#### - MARKETING, SALES & SERVICE -

- Entrepreneurship
- Marketing
- Sports and Entertainment Marketing

### EDUCATION, HOSPITALITY & HUMAN SERVICES

#### - EDUCATION & TRAINING -

- Early Childhood Education
- Teaching & Training

#### - HOSPITALITY & TOURISM -

- Baking & Pastry
- Culinary Arts
- Hospitality & Tourism

#### - HUMAN SERVICES -

- Cosmetology
- Family & Consumer Sciences
- Foods and Nutrition
- Human Development

### HEALTH SCIENCE & PUBLIC SAFETY

#### - HEALTH SCIENCE -

- Biomedical
- Community Health Science
- Dental Science
- Emergency Medical Technician
- Health Information Management
- Medical Assisting
- Nursing Assistant
- Pharmacy Practice
- Respiratory Science
- Sports Medicine

#### - LAW, PUBLIC SAFETY, CORRECTIONS & SECURITY -

- Criminal Justice
- Emergency Telecommunications
- Fire Science
- Forensic Science
- Law Enforcement

#### - GOVERNMENT & PUBLIC ADMINISTRATION -

- Military Science

**INFORMATION & MEDIA TECHNOLOGIES****- ARTS, A/V TECHNOLOGY & COMMUNICATIONS -**

- Fashion, Textiles and Design
- Graphic Design
- Interior Design
- Photography
- Radio Production
- Theatre Technology
- Video Production

**- INFORMATION TECHNOLOGY -**

- Animation
- Computer Science
- Cybersecurity
- Digital Game Development
- IT Networking
- IT Service and Support
- Web Design and Development

**SKILLED & TECHNICAL SCIENCES****- ARCHITECTURE & CONSTRUCTION -**

- Architectural Design
- Construction Technology
- Drafting and Design
- Furniture and Cabinetmaking

**- MANUFACTURING -**

- Automation Technology
- Electronic Technology
- Manufacturing Technologies
- Mechanical Technology
- Metalworking
- Welding Technology

**- SCIENCE, TECHNOLOGY, ENGINEERING, & MATHEMATICS -**

- Aerospace Engineering
- Architectural and Civil Engineering
- Electrical Engineering
- Energy Technologies
- Environmental Engineering
- Mechanical Engineering

**- TRANSPORTATION, DISTRIBUTION & LOGISTICS -**

- Automotive Service Technician
- Automotive Technology
- Aviation Maintenance Technician
- Aviation Technology
- Collision Repair Technology
- Diesel Technology

---

## CTE PROGRAM DESCRIPTIONS

### AGRICULTURE & NATURAL RESOURCES

#### - AGRICULTURE, FOOD & NATURAL RESOURCES -

##### **Agricultural Business Systems**

The Agriculture Business Systems program provides agriculture students with the information and skills necessary for success in agribusiness. Areas of study include agriculture economics, business planning, financial concepts, marketing, sales, careers, and leadership development.

##### **Agricultural Leadership, Communication & Policy**

The Agriculture Leadership, Communication and Policy program provides agriculture students with instruction on leadership and communication skills in the agricultural field. Areas of study include research methodology, verbal and written communication, journalism, mass media, agriculture policy, careers, and leadership development.

##### **Agricultural Mechanics Technology**

The Agricultural Mechanics Technology program covers the foundational skills necessary for agriculture mechanics and industry employment. Areas of study include general shop safety, basic welding, electrical applications, water management, agricultural drafting and construction, engines and power, basic hydraulics, and machinery maintenance and repair.

##### **Animal Science**

The Animal Science program provides students with the principles of the livestock and red meat industry. Areas of study include the basic anatomy and physiology of domestic animals, genetics, reproduction, animal health and welfare, evaluation and selection of animals, land stewardship, marketing, and leadership development.

##### **Biotechnology**

The Biotechnology program provides students with the principles of the biotechnology industry. Areas of study include animal and plant science applications, biochemistry, principles of genetic transfer and genetically modified organisms, bio-manufacturing, applications to the food industry, and trends in agricultural biotechnology research.

##### **Environmental Management**

The Environmental Management program provides agriculture students with the information and skills necessary for success in environmental management. Areas of study include ecology, environmental quality, sustainable use, GIS and GPS, energy, hydrology and hydrogeology, law and public policy, environmental site analysis, careers, and leadership development.

##### **Floriculture Design & Management**

The Floriculture Design and Management program provides students with the principles of floral design and management. Areas of study include the history of floral design, the use of color, tools and principles of design in floral arrangements, plant identification, care and processing of cut flowers, marketing and sales, recordkeeping, floral business management, and leadership development.

##### **Food Science Technology**

The Food Science Technology program provides students with the basic laws of chemistry, microbiology, and physics applied to the production, processing, preservation, and packaging of food. Experimentation will allow students to see how scientific principles are involved in food safety and preparation, handling and storage, food marketing, and leadership development.

**Landscape Design & Management**

The Landscape Design and Management program provides students with the principles of landscape design and management. Areas of study include safety, design principles and application, plant selection and care, hardscaping, irrigation, integrated pest management, careers, and leadership development.

**Natural Resources & Wildlife Management**

The Natural Resources and Wildlife Management program provides students with the concepts of natural resources science and management. Areas of study include ecological concepts and scientific principles, rangeland management, fire ecology, GPS and GIS, fish and wild ecology, forestry, renewable and nonrenewable resources, fish and wildlife management, and leadership development.

**Ornamental Horticulture/Greenhouse Management**

The Ornamental Horticulture/Greenhouse Management program provides students with the principles of plant science, ornamental horticulture and greenhouse management. Areas of study include plant anatomy and physiology, plant identification, propagation, growing media, nutrition, integrated pest management, plant technologies, growing greenhouse crops, greenhouse business concepts, and leadership development.

**Veterinary Science**

The Veterinary Science program provides agriculture students with the information and skills necessary for success in veterinary science. Areas of study include safety and sanitation in the clinical setting, medical terminology, anatomy and physiology, medical math, lab techniques, diseases and disorders, nutrition, clinical procedures, office procedures, ethical and animal welfare issues, careers, and leadership development.

**BUSINESS & MARKETING EDUCATION****- BUSINESS, MANAGEMENT & ADMINISTRATION -****Administrative Services**

The Administrative Services program provides students with the principles of business office procedures and management. Areas of study include software applications, accounting functions, customer relations, human resources, and career exploration.

**Business Management**

The Business Management program provides students with the overall principles of business management. Areas of study include economics, budgeting, human resource management, operations, strategic management, and financial-based decision making.

**- FINANCE -****Accounting & Finance**

The Accounting & Finance program provides students with a foundation in accounting, financial information, and financial business decision making. Areas of study include laws and regulations, evaluating financial information, banking, investment, economics, and risk management concepts.

**- MARKETING, SALES & SERVICES -****Entrepreneurship**

The Entrepreneurship program provides students instruction in the nature and scope of entrepreneurship, the impact of entrepreneurship on market economies, marketing functions, and economic concepts. Business plan development is the key tool by which students will learn concepts in marketing plans, business functions, and finance.

**Marketing**

The Marketing program provides students with the overall principles of marketing and business administration. Areas of study include economic systems, business fundamentals, marketing information, product/service management, promotion, pricing and professional selling.

**Sports & Entertainment Marketing**

The Sports and Entertainment Marketing program provides students with knowledge in business functions, economics, marketing principles, selling, ticket distribution, and finance as applied to sports and entertainment marketing. Emphasis is placed on event marketing and promoting in large venues such as concerts and sporting events.

**EDUCATION, HOSPITALITY & HUMAN SERVICES****- EDUCATION & TRAINING -****Early Childhood Education**

The Early Childhood Education program addresses child development, child care, and teaching and learning, to guide the development of young children in an educational setting. Areas of study include planning and implementing developmentally appropriate activities, basic health and safety practices, legal requirements for teaching young children, and the development of a career portfolio.

**Teaching & Training**

The Teaching & Training program provides students with the principles of Teaching & Training. Areas of study include foundations of education, professional practices, instructional design, educating diverse learners and designing and managing the learning environment.

**- HOSPITALITY & TOURISM -****Baking & Pastry**

The Baking & Pastry program provides students with an in-depth study of the Baking & Pastry arts. Areas of study include baking terminology, tool and equipment use, formula conversions, functions of ingredients, and methods used in creating breads, pastries, cookies, and other desserts. The fundamentals of dough and basic decorating skills are also covered.

**Culinary Arts**

The Culinary Arts program provides students with an introduction to the principles and techniques of commercial food production. Areas of study include basic skills in food handling, food and nutritional science, equipment technology, cooking methods, kitchen safety, sanitation procedures, and employability skills in an environment that models industry standards.

**Hospitality & Tourism**

The Hospitality & Tourism program provides students with an introduction to many career areas in the hospitality field. Students will learn the roles of jobs in both the front-of-the-house and back-of-the-house in travel and tourism, hotel operations, food and beverage, and event sales and service.

**- HUMAN SERVICES -****Cosmetology**

The Cosmetology program is designed to prepare students for the Nevada State Board of Cosmetology Licensing Exam and to meet the 1800-hour requirement for licensure. Students have the opportunity to receive a master license that allows them to choose many career options such as a nail technician, aesthetician, or hair stylist. Areas of study include theory and clinical instruction in professional ethics, sanitation, human anatomy, facials, skin care, makeup application, manicures, pedicures, acrylic nails, haircutting, haircoloring, permanent waving, chemical relaxing, and all phases of hair care.

**Family & Consumer Sciences**

The Family & Consumer Sciences program provides instruction in Family & consumer sciences topics to prepare students for adult roles and responsibilities. The major focus is on developing skills for balancing home, work, and life by studying how to be successful with life management, wealth management, family development, home management, health and fitness, and leadership and community participation.

**Foods & Nutrition**

The Foods and Nutrition program provides an in-depth study in the areas of food preparation, nutrition and their relationships to personal and family wellness. Students study the importance of food choices and learn preparation techniques to maintain nutrition with the goal of fitness. Other topics include foods and customs, individual needs throughout the lifecycle and occupations in the food services industry.

**Human Development**

The Human Development program introduces the topic of Human Development. Areas of study include the stages of human growth and development throughout the lifespan. Topics include developmental stages and influences on physical, intellectual, social and emotional growth.

**HEALTH SCIENCE & PUBLIC SAFETY****- HEALTH SCIENCE -****Biomedical**

The Biomedical program provides students with the knowledge and skills in inquiry science, disease exploration, human body systems, and biomedical engineering. Areas of study include infectious and genetic diseases, molecular biology, oncology, metabolism, homeostasis, and exercise physiology.

**Community Health Science**

The Community Health Science program provides students with the knowledge and skills in inquiry science, disease exploration, anatomy and physiology, public and community health. Areas of study include epidemiology, pathophysiology, health literacy, biostatistics and environmental risks.

**Dental Science**

The Dental Science program is designed for the student interested in a career in the dental field. It covers all procedures utilized in the dental office during the practice of dentistry. It gives students a vast knowledge base of dental anatomy, dental disease processes and treatment. It develops the dexterity, knowledge and communication skills needed to work as a dental assistant.

**Emergency Medical Technician**

The Emergency Medical Technician program provides students with an introduction to emergency medical technician techniques and processes. The program provides the primary skills and knowledge for the pre-hospital emergency medical provider. It includes areas of study in legalities, trauma and medical assessment, documentation, patient care, and basic life support.

**Health Information Management**

The Health Information Management program is designed to familiarize students with computerized account management and to help students develop confidence and skills necessary to become successful users of Medical Account Management software. Areas of study include understanding the legal aspects of HIPAA and responsibilities of medical office staff; utilizing a computer program to maintain patient files.

**Medical Assisting**

The Medical Assisting program provides students with the knowledge and skills required for entry level into administrative and clinical medical assisting. Areas of study include diversity, awareness, pharmacology, health information management, and laboratory procedures.

**Nursing Assistant**

The Nursing Assistant program provides students with the knowledge and skills required for entry into the healthcare field. Students completing the didactic and clinical practicum are eligible for the Nevada State of Nursing Certifying exam as a Nursing Assistant.

**Pharmacy Practice**

The Pharmacy Practice program provides students with an introduction to practices and fundamentals of pharmacology. Areas of study include pharmacy, calculations, routes, inventory management, and factors affecting drug activity.

**Respiratory Science**

The Respiratory Science program provides students with the principles of respiratory therapy. Areas of emphasis include medical terminology, medical math, industry requirements, basic techniques, and procedures.

**Sports Medicine**

The Sports Medicine program provides students with an introduction to sports medicine techniques and processes. The program provides the primary skills and knowledge in athletic training, and sports medicine related fields. The areas of study include physical fitness, human anatomy and physiology, injury evaluation and prevention, and rehabilitation.

**- LAW, PUBLIC SAFETY, CORRECTIONS & SECURITY -****Criminal Justice**

The Criminal Justice program provides students with an understanding of the difference between the civil and criminal codes in the American Legal System, with a particular emphasis on criminal and civil cases decided by local, state and federal courts. Areas of study include civil law, criminal law, legal and ethical issues, corrections, policing and the government.

**Emergency Telecommunications**

The Emergency Telecommunications program is designed for the student interested in a career in the emergency communications field. Areas of study will include telecommunication centers, dispatching, use of 911 computer systems, participation in emergency scenarios, and call processing.

**Fire Science**

The Fire Science program provides students with an introduction to fire science techniques and processes. The program provides the skills and knowledge affecting wildland fire behavior and suppression, fire investigations, fire prevention, CPR/First Aid, engine companies, and potential hazards and human factors on the fire line.

**Forensic Science**

The Forensic Science program introduces the principles and procedures employed in criminal and civil investigations. Areas of studies include scientific endeavors such as medicine, pathology, psychology, geology, entomology, fingerprint technology, chemistry, and biology. Emphasis will be put on gathering, analyzing, and interpreting physical evidence, using modern laboratory technologies and procedures.

**Law Enforcement**

The Law Enforcement program provides students with an introduction to law enforcement techniques and processes. Areas of study include basic functions of a law enforcement officer such as: written policies, quality control, court system, law, interrogations, use of force, and emergency management.

**- GOVERNMENT & PUBLIC ADMINISTRATION -****Military Science**

The Military Science program provides students with the knowledge and skills in basic first aid, global awareness, problem solving, career exploration, leadership styles, wellness, patriotism and leadership traits.

**INFORMATION & MEDIA TECHNOLOGIES****- ARTS, A/V TECHNOLOGY & COMMUNICATIONS -****Fashion, Textiles & Design**

The Fashion, Textiles, and Design program provides students with an introduction to the fundamentals of fashion, design, and construction. Areas of study include individual image, psychological and social aspects of clothing, wardrobe planning, consumer decision-making, pattern and textile selection, construction techniques, handling and care techniques, the use and care of sewing equipment, clothing repair, and fashion-related occupations.

**Graphic Design**

The Graphic Design program provides students with an introduction of the principles of creating graphic works. Areas of study include elements and principles of design, production aspects, legal and ethical issues, and portfolio development.

**Interior Design**

The Interior Design program provides students with an introduction to the fundamentals of interior design. Areas of study include elements and principles of design and their application in residential and commercial design; historical, cultural and technological influences; architectural styles and housing types; fundamentals of house plans, home construction and house systems; green, sustainable, and ecological considerations in design; furniture styles, construction, and arrangement; financial considerations; and careers and professional practices.

**Photography**

The Photography program provides students with the principles of commercial photography. Areas of study include camera and lens operation, lighting, image capture and digital image editing and processing. Students learn the history of photography, legal and ethical issues related to the industry, and develop a portfolio.

**Radio Production**

The Radio Production program provides students with the concepts and skills needed for radio broadcast production. Students learn on-air production techniques, news writing, sound gathering, and production operations through the platform of an internet radio station. Marketing and station promotion are also learned.

**Theatre Technology**

The Theatre Technology program instructs students in the craft and technical skills of theatrical production. Instruction includes theatre safety, lighting, scenic design and construction, and stage management.

**Video Production**

The Video Production program provides students instruction in the various video production processes and techniques. Areas of study include camera operation, On-Air program production, creative works, and video editing. Students will produce original video and live broadcast productions. Emphasis is placed on writing, pre/post production, editing techniques, and studio and engineering procedures.

**- INFORMATION TECHNOLOGY -****Animation**

The Animation program provides students with the principles of 2D and 3D animation and graphics. Areas of study include storyboarding, modeling, background development, and the production process.

**Computer Science**

The Computer Science program provides students with the principles of computer science and programming. Areas of study include methodology, algorithms, data structures and object-oriented programming. Java and C++ are the primary languages taught.

**Cybersecurity**

The Cybersecurity program provides students with knowledge and skills in computer maintenance and repair, the cybersecurity lifecycle, incident handling, and networking. Successful students will be prepared to take certification exams for CompTIA's A+ and Networking +, the gateway certifications for careers in IT and Cybersecurity.

**Digital Game Development**

The Digital Game Development program provides students with the principles of game mechanics. Areas of study include programming, story and character development, and artistic theory and concepts to develop a game.

**IT-Networking**

The Information Technology-Networking program provides students with concepts in computer networking. Areas of study include safety procedures, network systems hardware, network protocols, and constructing and maintaining a network.

**IT-Service & Support**

The Information Technology-Service and Support program provides students with computer maintenance and repair concepts. Areas of study include hardware repair, software installation, security, knowledge of computer components, and troubleshooting.

**Web Design & Development**

The Web Design and Development program provides students with concepts to develop and maintain websites. Areas of study include content development, backend programming, design and layout theories, and user interface.

**SKILLED & TECHNICAL SCIENCES****- ARCHITECTURE & CONSTRUCTION -****Architectural Design**

The Architectural Design program introduces students to the principles of architectural design. Areas of emphasis include spatial reasoning, elements and principles of design, application of the design process, advanced digital drawing techniques, building codes, and professional presentation techniques.

**Construction Technology**

The Construction Technology program provides students the opportunity to develop technical skills that are used throughout the construction industry. Areas of study include safety, blueprint reading, carpentry and rough framing, exterior finishing applications, surveying, site development, scaffolding, electrical, plumbing, concrete, and masonry.

**Drafting & Design**

The Drafting and Design program provides students with the principles of technical and architectural drafting and design concepts. Areas of study include sketching, dimensioning and annotation, construction and engineering documentation, 3D modeling, problem solving, critiquing, and team building.

**Furniture & Cabinetmaking**

The Furniture and Cabinetmaking program will introduce students to the various stages of construction, fabrication, and assembly of wood products and related materials. This program is intended to provide students with the knowledge and skills necessary to design, construct, and finish furniture and/or cabinets in the woodworking industry. Through the program activities the student will gain an understanding of safety procedures, machine operation, and industrial applications including the software and hardware components of computer numerical control (CNC) equipment.

**- MANUFACTURING -****Automation Technology**

The Automation Technology program provides students the opportunity to develop technical skills that are used throughout the automation industry. Areas of study include safety, tools, power systems, programmable logic controllers, robotic methods, and principles of automation and how they apply to multiple industries.

**Electronic Technology**

The Electronic Technology program provides students the opportunity to develop technical skills that are used throughout the electronic industry. Areas of study include safety, tools, direct current (DC), alternating current (AC), schematics, soldering, measuring electricity, Ohm's/Watt's/Kirchhoff's Laws, semiconductors, electronic circuits, and digital theory.

**Manufacturing Technologies**

The Manufacturing Technologies program introduces students to the fundamentals of manufacturing. Areas of emphasis include print reading, spatial reasoning, automation, fabrication, quality control, and various manufacturing production methods.

**Mechanical Technology**

The Mechanical Technology program provides students the opportunity to learn the operation and maintenance of various mechanical, electrical, and fluid power systems. Areas of study include safety, tools usage, print reading, energy principles, power systems, manufacturing processes, and instrumentation.

**Metalworking**

The Metalworking program provides students with instruction in the various metalworking processes. Areas of study include safety procedures, print reading, measurement, properties of metals, machine operation, metal-fabricating methods, industrial applications, and problem-solving. Students will also be introduced to the principles of metallurgy, metal lathe operation, forging methods, casting process, welding, and heat-treating procedures.

**Welding Technology**

The Welding Technology program provides students with instruction in the industry standard welding practices. Areas of study include print reading, measurement, properties of metals, SMAW, GMAW, FCAW, GTAW, thermal cutting, codes, inspections, and certifications. This program prepares welding technology students for the American Welding Society (AWS) certification tests.

**- SCIENCE, TECHNOLOGY, ENGINEERING, & MATHEMATICS -****Aerospace Engineering**

The Aerospace Engineering program provides students the opportunity to learn various aspects of aerospace engineering. Areas of study include safety, construction documentation, the engineering design process, impacts of engineering on society, material properties, energy principles, physics of flight, propulsion systems, orbital mechanics, and remote systems.

**Architectural & Civil Engineering**

The Architectural and Civil Engineering program provides students the opportunity to learn various aspects of architecture and civil engineering. Areas of study include safety, construction documentation, the engineering design process, impacts of engineering on society, material properties, energy principles, residential design concepts, and commercial applications.

**Electrical Engineering**

The Electrical Engineering program provides students the opportunity to learn various aspects of electronic engineering. Areas of study include safety, construction documentation, the engineering design process, impacts of engineering on society, material properties, energy principles, fundamental electronic principles, analog and digital principles, logic circuits, and microcontrollers.

**Energy Technologies**

The Energy Technologies program introduces students to the power industry. Students will gain an understanding of the various energy sources, energy forms, energy principles, efficiency concepts, electricity, and electrical codes and policies.

**Environmental Engineering**

The Environmental Engineering program explores the diverse fields of environmental engineering systems. Hands-on projects engage students in design solutions in response to real-world challenges related to clean and abundant drinking water, food supply issues, and renewable energy.

**Mechanical Engineering**

The Mechanical Engineering program provides students the opportunity to learn various aspects of mechanical engineering. Areas of study include safety, construction documentation, the engineering design process, impacts of engineering on society, material properties, energy principles, manufacturing systems and processes, and automation.

**- TRANSPORTATION, DISTRIBUTION & LOGISTICS -****Automotive Service Technician**

The Automotive Service Technician program provides students with instruction in the operational and scientific nature of the automotive component systems including fuel, intake, exhaust, ignition, lubrication, braking, heating and cooling, electrical, and suspension systems. This program is aligned with the NATEF Automobile Service Technology (AST) program standards.

**Automotive Technology**

The Automotive Technology program provides students with instruction in the operational and scientific nature of the automotive component systems including fuel, intake, exhaust, ignition, lubrication, braking, heating and cooling, electrical, and suspension systems. This program is aligned with the NATEF Maintenance & Light Repair (MLR) program standards.

**Aviation Maintenance Technician**

The Aviation Maintenance Technician program will introduce students to the operational and scientific nature of the aviation maintenance industry. This program will introduce students to safe working habits, components of a reciprocating engine, aircraft control systems, and avionics systems.

**Aviation Technology**

The Aviation Technology program introduces student on the principles of flight, the aircraft flight environment, aircraft performance standards, flight controls, metrology, radio communications, flight planning, FAA regulations, navigation, the human body in flight, airman decisions making, accident prevention, Airman Information Manual, and the fundamentals of instrument flight. This course prepares the students to take the FAA Part 61.109 Private Pilot Written Exam

**Collision Repair Technology**

The Collision Repair Technology program provides students with instruction in collision repair and refinishing techniques. Areas of study include safety, surface prep, dent repair, metal repair, painting techniques, and painting applications.

**Diesel Technology**

The Diesel Technology program provides students with fundamental diesel systems theory, service and repair. It will introduce the operational and scientific nature of diesel systems. It will provide students with a basic knowledge of diesel systems and operating principles. Areas of study include: engines, steering and suspension, preventative maintenance, hydraulics, electrical systems, and braking systems.

## SCHOOL DISTRICT LISTINGS

## CARSON CITY SCHOOL DISTRICT

High School Name	CTE Program Name
<a href="#">Carson High School</a>	<ul style="list-style-type: none"> <li>• Agricultural Leadership, Communication and Policy</li> <li>• Architectural &amp; Civil Engineering (PLTW)</li> <li>• Culinary Arts</li> <li>• Emergency Medical Technician</li> <li>• Entrepreneurship</li> <li>• Floriculture Design and Management</li> <li>• Graphic Design</li> <li>• Health Information Management</li> <li>• IT Service and Support</li> <li>• Mechanical Engineering (PLTW)</li> <li>• Military Science</li> <li>• Ornamental Horticulture/Greenhouse Management</li> <li>• Pharmacy Practice</li> <li>• Photography</li> <li>• Sports Medicine</li> <li>• Veterinary Science</li> <li>• Web Design and Development</li> <li>• Welding Technology</li> </ul>

## PROGRAM LISTINGS

## AGRICULTURE &amp; NATURAL RESOURCES

## - AGRICULTURE, FOOD &amp; NATURAL RESOURCES -

## AGRICULTURAL BUSINESS SYSTEMS – (4 PROGRAMS)

District Name	High School Name
Douglas County	Douglas County High School
Elko County	Wells High School
Humboldt County	Albert M Lowry High School
Lincoln County	Lincoln County High School

## AGRICULTURAL LEADERSHIP, COMMUNICATION AND POLICY – (11 PROGRAMS)

District Name	High School Name
Carson City	Carson High School
Clark County	Moapa Valley High School Sandy Valley Jr./Sr. High School Virgin Valley High School
Douglas County	Douglas County High School
Elko County	Elko High School Spring Creek High School
Humboldt County	Albert M Lowry High School
Lincoln County	Pahranagat Valley High School
Lyon County	Fernley High School Yerington High School

## AGRICULTURAL MECHANICS TECHNOLOGY - (13 PROGRAMS)

District Name	High School Name
Churchill County	Churchill County High School
Clark County	Moapa Valley High School
Elko County	Elko High School Owyhee High School Spring Creek High School Wells High School
Humboldt County	Albert M Lowry High School McDermitt High School
Lander County	Battle Mountain High School
Nye County	Round Mountain High School
Pershing County	Pershing County High School

**AGRICULTURAL MECHANICS TECHNOLOGY - CONTINUED**

District Name	High School Name
Washoe County	North Valleys High School
White Pine County	Lund High School

**ANIMAL SCIENCE – (5 PROGRAMS)**

District Name	High School Name
Churchill County	Churchill County High School
Humboldt County	McDermitt High School
Lyon County	Fernley High School Yerington High School
Pershing County	Pershing County High School

**BIOTECHNOLOGY – (0 PROGRAMS)**

District Name	High School Name
-	-

**ENVIRONMENTAL MANAGEMENT – (3 PROGRAMS)**

District Name	High School Name
Clark County	West Career and Technical Academy
Humboldt County	Albert Lowry High School McDermitt High School

**FLORICULTURE DESIGN AND MANAGEMENT – (4 PROGRAMS)**

District Name	High School Name
Carson City	Carson High School

Churchill County	Churchill County High School
Clark County	Advanced Technologies Academy Chaparral High School Coronado High School Global Community High School Las Vegas High School Moapa Valley High School Northwest Career and Technical Academy
Elko County	Carlin High School Elko High School Spring Creek High School
Humboldt County	Albert M Lowry High School
Lyon County	Dayton High School Fernley High School Silver Stage High School

**DRAFTING AND DESIGN – CONTINUED**

District Name	High School Name
Washoe County	Academy of Arts, Careers and Technology Academy for Career Education High School Edward C Reed High School Incline High School North Valleys High School Reno High School

**FURNITURE AND CABINETMAKING – (23 PROGRAMS)**

District Name	High School Name
Churchill County	Churchill County High School
Clark County	Bonanza High School Centennial High School Desert Oasis High School East Career and Technical Academy Green Valley High School Legacy High School Palo Verde High School Shadow Ridge High School Virgin Valley High School
Elko County	Elko High School Jackpot High School Spring Creek High School West Wendover High School
Humboldt County	Albert M Lowry High School
Lincoln County	Lincoln County High School
Lyon County	Dayton High School Fernley High School Silver Stage High School
Nye County	Pahrump Valley High School Tonopah High School
Washoe County	Incline High School Sparks High School

**- MANUFACTURING -****ELECTRONIC TECHNOLOGY – (2 PROGRAMS)**

District Name	High School Name
Lyon County	Fernley High School Silver Stage High School

**MANUFACTURING TECHNOLOGIES – (7 PROGRAMS)**

District Name	High School Name
Clark County	Centennial High School Cimarron Memorial High School Desert Rose High School Southeast Career and Technical Academy Sunrise Mountain High School
Washoe County	Academy of Arts, Careers and Technology Sparks High School

**MECHANICAL TECHNOLOGY – (4 PROGRAMS)**

District Name	High School Name
Clark County	Chaparral High School East Career and Technical Academy Northwest Career and Technical Academy
Elko County	Carlin High School

**METALWORKING – (6 PROGRAMS)**

District Name	High School Name
Elko County	Carlin High School
Lyon County	Yerington High School
Washoe County	Earl Wooster High School Edward C Reed High School Galena High School Sparks High School

**WELDING TECHNOLOGY – (16 PROGRAMS)**

District Name	High School Name
Carson City	Carson High School
Clark County	Desert Rose High School East Career and Technical Academy Las Vegas High School
Douglas County	Douglas County High School
Elko County	Carlin High School West Wendover High School
Humboldt County	Albert M Lowry High School

**WELDING TECHNOLOGY – CONTINUED**

District Name	High School Name
Lincoln County	Lincoln County High School Pahrnagat Valley High School
Lyon County	Fernley High School
Nye County	Beatty High School Tonopah High School
Washoe County	Academy of Arts, Careers and Technology Incline High School
White Pine County	White Pine High School

**- SCIENCE, TECHNOLOGY, ENGINEERING, & MATHEMATICS –****AEROSPACE ENGINEERING – (2 PROGRAMS)**

District Name	High School Name
Clark County	Rancho High School
Washoe County	Galena High School (PLTW)

**ARCHITECTURAL AND CIVIL ENGINEERING – (4 PROGRAMS)**

District Name	High School Name
Carson City	Carson High School
Clark County	Advanced Technologies Academy (PLTW) Northwest Career and Technical Academy (PLTW) West Career and Technical Academy (PLTW)

**ELECTRICAL ENGINEERING – (0 PROGRAMS)**

District Name	High School Name
-	-

**ENERGY TECHNOLOGIES – (2 PROGRAMS)**

District Name	High School Name
Washoe County	Earl Wooster High School Edward C Reed High School

**ENVIRONMENTAL ENGINEERING – (1 PROGRAM)**

District Name	High School Name
Washoe County	Galena High School (PLTW)

**MECHANICAL ENGINEERING – (4 PROGRAMS)**

District Name	High School Name
Carson County	Carson High School (PLTW)
Clark County	Palo Verde High School (PLTW) Southwest Career and Technical Academy (PLTW)
Douglas County	Douglas County High School (PLTW)

**- TRANSPORTATION, DISTRIBUTION & LOGISTICS -****AUTOMOTIVE SERVICE TECHNICIAN – (2 PROGRAMS)**

District Name	High School Name
Clark County	Southeast Career and Technical Academy
White Pine County	White Pine High School

**AUTOMOTIVE TECHNOLOGY – (27 PROGRAMS)**

District Name	High School Name
Churchill County	Churchill County High School
Clark County	Arbor View High School Basic Academy of International Studies Boulder City High School Chaparral High School Coronado High School Ed W Clark High School Eldorado High School Las Vegas High School Legacy High School Rancho High School Shadow Ridge High School Southwest Career and Technical Academy Spring Valley High School Sunrise Mountain High School Virgin Valley High School Western High School
Douglas County	Douglas County High School
Elko County	Elko High School
Humboldt County	Albert M Lowry High School
Lincoln County	Lincoln County High School Pahrnagat Valley High School
Nye County	Beatty High School Pahrump Valley High School
Washoe County	Edward C Reed High School Incline High School Spanish Springs High School

**AVIATION MAINTENANCE TECHNICIAN – (1 PROGRAM)**

District Name	High School Name
Clark County	Rancho High School

**AVIATION TECHNOLOGY – (2 PROGRAMS)**

District Name	High School Name
Clark County	Rancho High School
State Public Charter School Authority	Pinecrest Academy of Nevada Cadence

**COLLISION REPAIR TECHNOLOGY – (0 PROGRAMS)**

District Name	High School Name
-	-

**DIESEL TECHNOLOGY – (5 PROGRAMS)**

District Name	High School Name
Churchill County	Churchill County High School
Clark County	Southwest Career and Technical Academy
Washoe County	Academy for Career Education High School North Valleys High School
White Pine County	White Pine High School
